Experiment 12: Evolution from 1G to 5G

Aim: To create an interactive diagram illustrating the evolution of cellular networks from 1G to 5G using Figma.

Procedure:

1. Create a horizontal timeline in Figma.
2. Add sections representing 1G, 2G, 3G, 4G, and 5G.
3. Include the main technologies and features of each generation.
4. Add icons representing voice calls, messaging, mobile internet, and advanced connectivity.
5. Connect the timeline elements using arrows.
6. Add prototype interactions to display details about each generation.

OUTPUT:
